IFMA ROYAL WORLD CUP OPENING CEREMONY

13 August 2015

Opening Ceremony

The opening ceremony was a spectacular exhibition of cultural exchange, unity and respect featuring the youth as our future champions. The ceremony was officially opened by H.E. ML Panadda Diskul, Permanent Secretary to the Prime Minister's Office. A special welcome message from the President of the IOC, Dr. Thomas Bach, was read out by Mr. Christian Wassmer, representative of the IOC.

With a record 120 countries participating counting some 2,000 athletes, officials, supporters and delegates, the Royal World Cup opening ceremony was also attended by representatives from IWGA, FISU, TAFISA, the 23 representatives of AIMS and diplomats from over 60 embassies.

Spectators looked on in reverence as the Royal Guards marched in the four Royal Trophies – His Majesty the King's Trophy, Her Majesty the Queen's Trophy, His Royal Highness Crown Prince's Trophy and Her Royal Highness Princess's Trophy. The patronage of Thailand's Royal Family clearly testifies to the importance of this honourable event.

The rest of the opening ceremony was centred on the youth of the world, showing how Muaythai as the torch of life is passed on from one generation to another. Many memorable performances were presented by Thai youngsters but the most surprising one was the traditional Maori Haka performed by the athletes from the New Zealand team; it filled the whole stadium with unforgettable emotions. The local Thai crowd provided a unique Thai support for the host athletes and offered the famous Thai hospitality for the guests. The event was televised around the world and broadcasted live on primetime Thai TV.

Having served as the main arena for the Asian Games and Asian Football competitions before, the Thailand National Stadium was host the 2015 IFMA Royal World Cup. Located in close vicinity to the official hotel, the National Stadium presented a great logistical solution benefiting all stakeholders and demonstrated the sustainability policies IFMA has taken as a rule for each event.

This is the second time IFMA has used the National Stadium after the very successful Muaythai University World Cup which has written history by gaining Muaythai the official recognition by FISU. Muaythai has taken a strong position in the world sports community and the Royal World Cup proved to be another firm step up for Muaythai, with yet another successful world-class event.

The Exciting Matches

The IFMA Royal World Cup was scheduled from 13th to 23rd of August with quarter-final, semi-final, Junior-final and final being broadcasted live to over 200 countries around the world. In addition, the opening ceremony was televised live on Channel 5 in Thailand.

After months of planning, lots of sweat, dedication and sacrifices, the IFMA Royal World Cup tournament kicked off on 14th of August with an array of amazing bouts.

The stadium was packed to capacity with no free seat in the VIP section; embassy representatives and sport officials from all around the world cheered for their national teams with colourful flags creating an electrifying atmosphere.

This journey does not end here in Bangkok as all the gold medal winners in the respective weight divisions will be the first qualifiers for the World Games 2017.

At the final bell of day one Russia, Morocco, Australia, Ukraine, Finland, Belarus, England and China so far showed outstanding form in the male division.

In female division Finland, Ukraine, Thailand, Sweden, Belarus, Italy, USA, Australia, Israel, Peru and Slovenia all booked their place in the second round which truly showed the strength of female athletes.

The second day of the Royal World Cup was also packed, with crowds supporting the athletes from the first to the last bell. The stadium was filled with flags from all participating countries, while fans cheered on their teams.

Muaythai truly proves to be an international sport and winning against a Thai champion in Thailand in front of thousands of spectators and millions watching on TV is a big achievement. The crowd erupted when Australian champion Yolanda Schmidt, won over the Thai superstar, FISU and IFMA champion and Muaythai Angel, Yadrung Tehiran. After a world class match, the Australian's hand was raised. A standing ovation from the entire stadium went out to both athletes.

Amongst other exciting matches, there was another Australian victory in the female division. USA won over Italy, Philippines beat India, France came out as a winner in a tight match against Germany and New Zealand showed more strength over Sweden. Another Thai athlete restored national pride by beating Russia.

Throughout the event, the Royal World Cup continued to give joy to all visitors and most importantly brought athletes closer to their personal and team goals. Medals in 105 weight and age divisions were contested by athletes from 120 countries and four trophies donated by the Royal Family were awarded to the most outstanding athletes of the Royal World Cup.

By days four and five, many matches had been fought and won. Even before the kick off of the quarterfinals, it was obvious that 2015 Royal World Cup trophies would be awarded to different countries with representatives of different nationalities making it into the following round.

Many new member countries that have recently started to participate in IFMA events have already secured medals, proving that the skill levels of Muaythai throughout the world have grown within these recent years. New member countries that have just joined IFMA this year are looking forward to the proud moment when their athletes will take their place on the podium at one of the following IFMA events.

Day four and five were full of close-decision matches. The high level of professionalism of the experienced Technical Officials ensured that decisions were fair and satisfied both winning and losing corners.

The last two days of the event saw matches between Konstantin Trishyn from Ukraine and Kobilbek Tulabaev from Uzbekistan. Trishyn won by points showing a real team captain's spirit. Watson Smith Malik from USA defeated Maes Jens from Belgium and Polish representative, Remijonsz Szkudlarek got one step closer to the award podium by winning the second match at his first World Cup.

The fifth day gave the audience exciting bouts with the heavy artillery matches between Belarus athlete and multiple IFMA world champion, Andrei Kulebin winning over Akzhanov Rustem from Kazakhstan. Artem Vakhitov competed against his regular rival in his weight division, the Belarus champion, Dzianis Hancharonak. In the end there can only be one winner and Artem Vakhitov moved to the following round of the Royal World Cup.

Youth World Cup

The Youth World Cup was a separate event where besides the Royal World Cup, many other activities were held. Cultural understanding, education, sport and fun were the themes. There is no doubt that the junior athletes returned home with fond memories of the beautiful kingdom of Thailand. As young ambassadors of the sport of Muaythai, they carry the sport's hope for the future.

At the closing, the Royal Thai Government and the Department of Physical Education presented special trophies for the best junior athletes. The winners were:

I am delighted to meet my fellow leaders at all participants of the 2015 IFMA World Cup.

I am sure most delighted that they will be the first qualifying event for the World Games 2017, in which Maipuf will be one of the official sports, and that the Opening and Closing Ceremonies as well as the Night in Olympia will be hosted here at the World Sports Center.

Maipuf is a unique model and a central space, that with these facilities and efforts. As a central part, it brings great quality support.

Being sport is a very positive contribution to society is a very important part of Maipuf. This is evident through IFMA projects such as: Sport in Your Gang in partnership with Peace and Sport, and the joint campaign with UN Women, 2015, to "End Violence Against Women". These initiatives are designed for all sports and are powerful tools to contribute to the good of society.

One of the highlights of the AGM was the official flag ceremony of the FISU flag to mark the recent recognition granted to IFMA by FISU. It was an emotional moment when 4 university students from 4 continents carried in the official FISU flag. The entire room rose to their feet, honouring IFMA's recognition in the FISU family while the official FISU anthem played.

The 5 hour meeting has truly shaped the landscape of IFMA for the next few years, with many decisions that will determine the future of the sport of Muaythai.
